The Direct Stafford Loan Program offers the following types of loans:

- Subsidized: for students with demonstrated financial need, as determined by federal regulations. No interest is charged while a student is in school at least half-time and during authorized periods of deferment.
- Unsubsidized: not based on financial need; interest is charged during all periods, even during the time a student is in school during grace and deferment periods. You are responsible for paying all of the interest that accumulates. You do not have to pay the interest right away. But, if you postpone paying the interest, it may cost you a significant amount over the life of your loan because the interest is capitalized - added to your principal balance - and you end up paying interest on interest.
- Direct Subsidized and Unsubsidized Loans for undergraduates with a first disbursement date between July 1, 2014 and June 30, 2015 is 4.66%. The interest rate for Direct Unsubsidized Loans for graduate students is 6.21%. The interest rate for all Direct Stafford loans cannot exceed 8.25%. All Direct Stafford loans will have a 1.072% borrower origination fee deducted from each loan disbursement.
